

## Tip containere / Tipping Containers

Tip-containere er industriens bedste hjælpemiddel til sortering og materiale håndtering. Special konstrueret, forstærket og pulverlakeret, for at give maksimal sikkerhed og holdbarhed

Fjederbelastet trykplade på underside for automatisk tømning

Har forstærkninger på de rette steder for at klare hårdhændet truckhåndtering

Hjørneforstærkninger øger containerens stivhed

Med forstærkede gaffelkanaler

Alle størrelser fås i følgende farver: blå, rød, hvid, orange, gul, brun, grøn, grå og sort

Tip containers are the industry's best tool for sorting and material handling

Specially constructed, reinforced and powder coated for maximum safety and durability

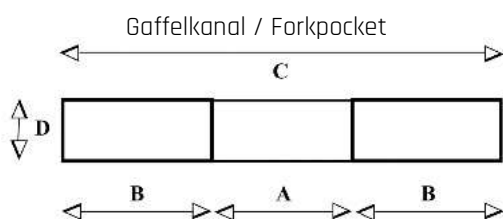

Spring-loaded pressure plate on the bottom for automatic unloading

Reinforcements in the right places in order to cope with rough truck handling

Corner reinforcements increases the rigidity of the container

With reinforced fork pockets

All sizes are available in the following colors: blue, red, white, orange, yellow, brown, green, grey and black

Sizes from 150 litres to 1600 litres have the following base frame dimensions: A=160mm, B=230mm, C=630mm, D=100mm

Sizes from 2000 litres to 3000 litres have the following base frame dimensions: A=560mm, B=230mm, C=1035mm, D=100mm
